Civic Federation Reports for Busy Year-Visiting Nurse Made 1250 Visits - Thirteenth Company's Field Day Parade May 24-25-Elder Morse hee 102nd Birthday.

The following is an excerpt from the annual report of Miss Emma F. Pilling, secretary of the Civic Feder-

ation:
During the year the work of the nurse has been more thoroughly systematized by the use of a card catalogue. These cards will give all necessary data connected with individual cases. There have been distributed in the community by the nurse, 500 information cards. It is hoped that these will create in the minds of the people a better understanding of the assistance the nurse can give to those assistance the nurse can give to those in need of her services.

Efficiency of Nurse,

Just here we would recognize the very efficient, conscientious work of Miss Deans who succeeded Miss Field as our nurse. Repeated expressions of appreciation of her work attest her ability and faithfulness.

Although it did not seem practical for the Federation to take part in the nation-wide Baby Week, March 4-11, it will cooperate with the bureau of public health and hygiens in distributing leaflets prepared especially for the summer campaign against files. Five hundred of the leaflets have been ordered and will be duly distributed. These leaflets are being used primarily in the infant welfare work.

The Federation has again, during this year, considered securing a place that should serve as a rest room for women and children, and be used for whatever purposes the Federation might deem advisable. It has, however, seemed necessary to drop the matter on account of the financial responsibility involved.

Leyal Supposters.

Loyal Supposters.

I wish it were possible to enumerate individually the loyal supporters of the Federation, and to express, publicly, an appreciation of the services rendered, but time and space will not permit. I would, however, mention the untiring zeal, and unfailing enthusiasm of our president, Mrs. E. H. Keach in carrying the year's work to a successful issue.

Plain spent the week-end with her cousin, Mrs. Edna Bentley.

Arthur Shultz of the U. SS. S. New Generous Cooperation, Arthur Shultz of the U. SS. S. New York, has been spending the past week with local friends.

Mr. and Mrs. Ellis Bentley of Waterford, Mass., spent the week-end with Mr. Bentley's parents, Mr. and Mrs.

W. W Bentley.

Mrs. Clays of the U. SS. S. New The Federation has had the support of the community during the three years of its existence as is shown by the fact that each year more than a thousand dollars has been contributed, directly or indirectly, for carrying on its work. Mr. Bentley's parents, Mr. and Mrs.
W. W. Bentley.
Mrs. Cleveland Burdick has left town for a stay of several weeks in Biackstone with her parents.
Mrs. Carl Bentley has returned from a brief visit with Preston relatives.
Mr. and Mrs. John Brissette, Miss Fiora La Forte, Mr. and Mrs. Charles Smith spent Sunday in Preston, with spent Sunday in Preston, with relatives.

Been contributed, directly or indirectly, for carrying on its work. It has a work to do, especially through the visiting nurse, which can be accomplished by no other agency, for the social service calls of the nurse include distribution of clothing prenstal advice to expectant mothers, advice as to the care of babies, securing employment, securing medical attendance, reporting unsanitary conditions, to the board securing medical attendance, reporting unsanitary conditions to the board of heaith, and visiting shut-les, supplying them with reading and flowers. It can be readily seen that the intimate contact of the nurse with those whom she serves enables her to do much which no one else could accomplish. Elwood Lathrop of Mystic is passing some time in Yantic with his parents. Mr. and Mrs. Elisha Lathrop.

As our people realize more and more the vital importance of the work that is being done, the substantial support of the past three years wil be assured for the future, and even added oppor-Tarvia for State Road.

The stretch of state road between for the future, and even added opportunity be given the Federation to enlarge the scope of its activities for promoting the welfare of the community beginning the welfare of the community beginning the welfare of the community to the scope of the scope of the community to the scope of t
